

## Technology Development Fund (TDF)

The documents required for the Technology Development Fund (TDF) application process can vary depending on the type of applicant (individual, company) and the specific technology being developed. However, here's a general checklist to get you started:

### Mandatory Documents:

- **Completed Application Form:** Download the application form from the TDF website <https://www.drdo.gov.in/drdo/headquarter-directorates/about-us/directorate-technology-development-fund-dtdf> or obtain it from the DRDO headquarters.
- **Project Proposal:** A detailed proposal outlining your project's objectives, technical details of the technology, implementation plan, budget breakdown, and potential impact on Indian defence.
- **Feasibility Study Report:** A report demonstrating the technical and commercial viability of your proposed technology.
- **Udyam Registration Certificate (URC):** If applicable, for Indian MSME applicants (Micro, Small and Medium Enterprises).
- **Company Registration Documents:**
  - For companies: Copy of Memorandum of Association (MOA) and Articles of Association (AOA).
  - Proof of company registration (Certificate of Incorporation).
- **Financial Statements:**
  - Audited financial statements for the past 3 years (or latest available).
  - Projected financial statements for the duration of the project.
- **Intellectual Property (IP) Details:** If applicable, documents related to any existing or potential IPR for the technology.

### Other Potentially Required Documents:

- **Technical Expertise Documents:** Resumes/CVs of key personnel involved in the project development, highlighting their relevant experience and qualifications.
- **Letters of Support:** Endorsement letters from potential users (defence establishments, industry partners) for the developed technology (if available).
- **No Objection Certificate (NOC):** NOC from any existing employer if applicable (for individuals employed elsewhere).

### Additional Considerations:

- This is a general list. It's crucial to consult the latest guidelines and application form on the TDF website <https://www.drdo.gov.in/drdo/headquarter-directorates/about-us/directorate-technology-development-fund-dtdf> for the most up-to-date document requirements.

- The specific documents required might be mentioned in the application form itself.
- Contact the TDF Directorate (<https://www.drdo.gov.in/drdo/headquarter-directorates/directorate-technology-development-fund-dtdf>) for any clarifications or if you have a specific project in mind.
