

ASPIRE

The specific documents required for ASPIRE (A Scheme for Promotion of Innovation, Rural Industries & Entrepreneurship) depend on whether you're applying to be a **Micro Incubation Unit (MI)** or a **Livelihood Business Incubator (LBI)**. Here's a breakdown:

For Applicants Seeking MI Recognition:

The documents are not explicitly listed online, but the guidelines mention "other supporting documents as required by Ministry of MSME (MOMSME)" [aspire aspire new.pdf]. It's best to contact your nearest **Implementing Agency (IA)** or the **Ministry of MSME (MOMSME)** for the most current list.

For Applicants Seeking LBI Recognition:

While there's no mention of a specific checklist, the Aspire Guidelines [aspire aspire new.pdf] indicate these might be required:

- **Proposal Documents:** A detailed proposal outlining your LBI's objectives, target beneficiaries, services offered, infrastructure details, and financial projections.
- **Registration Documents:**
 - Proof of Registration (Society/Trust/Company)
 - Udyam Registration Certificate (URC)
- **Financial Documents:**
 - Audited financial statements for the past 3 years (if applicable).
 - Projected income and expenditure statements for the LBI.

Additional Considerations:

- As with MI recognition, contacting your local IA or MOMSME for the latest document requirements is recommended.
- The Aspire portal (<https://aspire.msme.gov.in/>) might have specific application forms that could list required documents.

Remember: This information is for reference only. It's crucial to confirm the exact document requirements with the relevant authorities before applying.
